

## Isyla LYRICS

Written and Arranged by Amy Woodburn  
Lyrics by Amy Woodburn  
Sung by Lizzie Freeborn  
Produced and Arranged by Gareth Young, Cube Recording

They don't speak your language  
But they'll understand you  
Listen they'll lead you, they know how to show you  
The way. The way  
The stars may be broken  
But you'll find a way through  
No-one can stop you if you have been shown  
The way. The way.

Isyla, Isyla, Isyla don't wait to watch it rise.  
A light so white so wide as to fit a soul inside

The hunter and the hunted  
Underneath the moon  
Hide them careful cover  
Will them safer soon

At the edge of a dream  
In the corners of knowing  
In embers of fire so cautiously glowing  
I saw her face  
Pressed against darkness  
Now they'll have to trust it  
Only by letting it win can they fight it  
Throw in hope.

Isyla, Isyla, Isyla don't wait to watch it rise.  
A light so white so wide as to fit a soul inside

The hunter and the hunted  
Underneath the moon  
Hide them careful cover  
Will them safer soon
