

'Like' Love

Written by Amy Woodburn

Lyrics by Amy Woodburn

Sung by Lizzie Freeborn

Produced and Arranged by Gareth Young, Cube Recording

Twenty first century obsession
Life doesn't happen
But appears on a feed
It's not real if a camera's not rolling
I'm holding out
For a little heart please.

Something strange is happening to me
(This like love) The more I get the more I need

So take your your 'like' love
And cover it in strawberry jam
And fling it over a rainbow
Cause I'm not gonna check my Instagram
For at least two hours

C

Don't need your 'like' love
So cover it in strawberry jam
And fling it over a rainbow
Cause I'm not gonna check my Instagram
For at least two hours
or maybe one

Twenty first century obsession
It didn't happen if I didn't post
My sister needs a shoulder to cry on (bloody Ryan)
But someone's posted a puppy stealing toast

Something strange is happening to me
(This like love) The more I get the more I need

So take your your 'like' love
And cover it in strawberry jam
And fling it over a rainbow
Cause I'm not gonna check my Instagram
For at least two hours

Don't need your 'like' love
So cover it in strawberry jam
And fling it over a rainbow
Cause I'm not gonna check my Instagram
For at least two hours

Or maybe one

Oh this 'like' love
It feels like love
The way it pumps my blood
I know it's nothing like love
But it feels so good
Oh this like love
Feels like love
Pumps my blood
It's nothing like love
But it feels so good

So take your like love
And cover it in strawberry jam
And fling it over a rainbow
Cause I'm not gonna check my Instagram
For at least two hours

Don't need your 'like' love
So cover it in strawberry jam
And fling it over a rainbow
Cause I'm not gonna check my Instagram
For at least two hours
Or maybe one
Or maybe one
Or maybe one
